Lamorinda Lacrosse is Hiring!

- We are hiring for summer camp staff and travel team coaches. Interested HS, College and Post Collegiate coaches should apply here: <https://forms.gle/tiMhGDX4dxBFwJFC6>

THIS MONTH's
Letters From Directors

From the Girls' Director

The Lamo Girl's teams are happy to be back in action playing games, after returning to competition after a year of practices and clinics. We are thrilled to have everyone back on the field and getting game experience. The 14U are preparing for the next level of play, learning about offensive movement and setting up plays. Our 12U are having fun getting better at all stick skills and getting to work with Lamo Alumni, Emerson Bohlig and Grace Gebhardt, who both were Senior Captains for their High School teams this spring. Our 10U are learning a love for Lacrosse and honing in on their cradling and passing.

In May we are hosting a High School Girls Team, that has been practicing and playing scrimmages. We are eager to continue at the high school level this summer, when we offer our summer travel teams. We will have practices and games, as well as an end of summer tournament for our middle school and high school teams. We will also have a drop in, high school, pick up session weekly. See you on the field this Summer!

Jackie Pelletier

From the Boys' Director

We Need To Play More Lacrosse!!

I am really excited about the club's new direction of offering lax throughout the year. I believe this will lead to a better experience on the field, and grow the game in our community. I recommend that players participate in at least 2 of the 4 seasons offered. We still want you to be a multisport athlete, but we do not want you to forget about your stick skills and lacrosse for 3/4ths of the year.

I hope to see all of you at a summer program! Summer camps and teams are a great way to gain experience and improve skill. Lacrosse is just like video games, the more you play, the more XP you earn and the more skills you unlock. Get out and play!
